

Md Imam Ahasan

Chongqing University, Huxi Campus, Daxuecheng, Shapingba District, Chongqing 401331, China

📞 (+86) 17723779418 | ✉️ emamahasane@gmail.com | 🌐 Website | 🏠 G.Scholar | in LinkedIn | 📄 GitHub

🎓 Education

Chongqing University (CQU), College of Computer Science

M.Sc. in Computer Science

GPA: 83.4/100 | Fully-funded by the Chongqing University President's Scholarship

Chongqing, China

Sep 2023 – Jun 2026

Daffodil International University (DIU)

B.Sc. in Computer Science and Engineering

GPA: 71.5/100 | Best Club Performance Award, Daffodil International University

Dhaka, Bangladesh

Sep 2017 – Sep 2021

📄 Thesis

Research on Low-Dose Computed Tomography Image Reconstruction

M.Sc., Chongqing University

Developed DACD and GenDiff, two physics-guided diffusion frameworks for LDCT. Advisor: Dr. Guangchao Yang.

Gronthon: Bangla PDF to Text Conversion Application

B.Sc., Daffodil International University

Developed an end-to-end OCR pipeline for Bengali script digitization. Advisor: Dr. Md Zahid Hasan.

📖 Publications

Peer-Reviewed Conference/Journal Papers

- A F M Abdun Noor, **Md Imam Ahasan**, Mohammad Azam Khan, Guangchao Yang*. *GeGLUNet: Structural Retinal Vessel Segmentation via Attention-Gated GeGLU and Contrastive Supervision* - PRCV 2025 - **CCF-C**. [📄 Paper](#) | [🔗 Code](#)
- Md Imam Ahasan**, Guangchao Yang*, A F M Abdun Noor, S M Hasan Mahmud, Md Mahfuzur Rahman. *Dose-Aware Cold Diffusion with Physics Consistency for Generalizable Low-Dose CT Reconstruction* - IJCNN 2026 - **CCF-C**. [📄 Paper](#) | [🔗 Code](#)
- Md Imam Ahasan**, A F M Abdun Noor, Kah Ong Michael Goh*, S M Hasan Mahmud*. *Toward Real-Time LDCT Reconstruction: A Sinogram-Encoded Lightweight GAN with Measurement-Domain Noise Suppression* - CMC - **SCIE**. [📄 Paper](#) | [🔗 Code](#)
- A F M Abdun Noor, **Md Imam Ahasan**, Kah Ong Michael Goh*, S M Hasan Mahmud. *BiLoG-Net: A Bi-Context Location-Guided Network for Breast Mass Segmentation and Malignancy Classification in Mammography* - CMES - **SCIE**. [📄 Paper](#) | [🔗 Code](#)
- Anum Malik, Mahnoor Buriro, Muhammad Younas Khan, **Md Imam Ahasan**. *MoSSGate: Memory-Modulated State-Space Gating for Skin Lesion Segmentation* - ICCNC 2026 - **EI Index**. [📄 Paper](#) | [🔗 Code](#)
- Md Mahfuzur Rahman, Pengzhan Zhou*, A F M Abdun Noor, **Md Imam Ahasan**. *MTF-Net: Multi-Modal Temporal Feature Fusion Network for Pedestrian Intention Prediction* - ICCNC 2026 - **EI Index**. [📄 Paper](#) | [🔗 Code](#)
- Ahtisham Waheed, Yunfei Yin*, A F M Abdun Noor, **Md Imam Ahasan**. *Direction-Curvature Aware Feature Integration for Robust Lane Detection* - CMC - **SCIE**. [📄 Paper](#) | [🔗 Code](#)

Under Review

- Md Imam Ahasan**, Guangchao Yang*, A F M Abdun Noor, S M Hasan Mahmud*. *GenDiff: A Dose and Anatomy Aware Diffusion Model with Structural Prior Refinement for Low-Dose CT Reconstruction and Generalization* - PeerJ Computer Science - **SCIE**. [📄 Paper](#) | [🔗 Code](#)
- Md Imam Ahasan**, Guangchao Yang*, A F M Abdun Noor, Mohammad Azam Khan*. *LightGAN-LD: A Lightweight Generative Adversarial Network for Efficient Low-Dose CT Reconstruction with Sinogram Encoding and Edge-Aware Learning* - PeerJ Computer Science - **SCIE**. [📄 Paper](#) | [🔗 Code](#)
- Md Mustafizur Rahman, Guangchao Yang, A F M Abdun Noor, **Md Imam Ahasan**. *TSCA-Net: Temporal-Spatial Clique Attention for Interpretable Multimodal Pedestrian Trajectory Prediction* - MSN 2026 - **CCF-C**. [📄 Paper](#) | [🔗 Code](#)
- Md Imam Ahasan**, Guangchao Yang*, A F M Abdun Noor, Mohammad Azam Khan. *PCDiff: Physics-Conditioned Bayesian Diffusion Model for Low-Dose CT Reconstruction* - CMES - **SCIE**. [📄 Paper](#) | [🔗 Code](#)
- Md Mahfuzur Rahman, Pengzhan Zhou*, A F M Abdun Noor, **Md Imam Ahasan**. *Adaptive Cross-Modal Fusion with Sparse Attention for Pedestrian Crossing Intention Prediction* - PeerJ Computer Science - **SCIE**. [📄 Paper](#) | [🔗 Code](#)

🔬 Research Experience

Graduate Research Assistant, Computer Vision Lab

Chongqing, China

Supervisor: Dr. Guangchao Yang, College of Computer Science

Chongqing University

Sep 2024 – May 2026

Designed **DACD**, a Poisson-thinning cold diffusion model with physics consistency achieving +1.20 dB PSNR over

SOTA and 3.3× faster inference. Extended to **GenDiff** with dose-anatomy encoding and structural prior refinement for zero-shot generalization across unseen dose levels and anatomical domains.

Lab Assistant, Data Science Lab

Dhaka, Bangladesh

Supervisor: Dr. Md Zahid Hasan, Computer Science and Technology

Built and evaluated machine learning and deep learning models for tasks such as breast cancer classification and other Kaggle-based datasets, covering data preprocessing, model training, and performance evaluation.

Daffodil International University

Jun 2020 – Jul 2021

Technical Skills

Languages	Python
Frameworks	PyTorch, MONAI, scikit-learn
Computer Vision	Classification, segmentation, generative models, inverse problems
Tools	Git, Linux, LaTeX, experiment tracking (W&B)

Teaching & Professional Experience

Senior IT Support Engineer

Dhaka, Bangladesh

Surma Garments Ltd.

Aug 2022 – Jun 2023

Lecturer, (ICT)

Dhaka, Bangladesh

Anupama International School and College

Dec 2021 – Jun 2022

Awards, Leadership & Community

CQU Outstanding International Graduate, Chongqing University	June 2026
3 rd Prize, “China in My Eyes” Contest	Oct 2024
Finalist, Joy Bangla Youth Award	Aug 2021
Best Club Performance Award, Daffodil International University	Feb 2020
Co-Founder, Shopner Khoje Foundation (Charity Organization)	Feb 2017 – Present

Service & Volunteering

Peer Reviewer for: Engineering Applications of Artificial Intelligence, Systems & Soft Computing, Journal of Agriculture and Food Research, PRCV2025, PRCV2026, IJCNN2026.

Volunteer: ICCNC 2026, The 2018 ICPC Asia Dhaka Regional Contest, 6th International Conference on Electronic Engineering and Informatics, IEEE International Conference on Electrical Energy Conversion Systems and Control.
